CITY COUNCIL HOLD MEETING

The death of City Attorney Thorpe was officially made known at the meeting of the council Tuesday evening when President Merrill, surrendering the chair to Trustee Brown, addressed the council as follows: "I regret to have to bring to the notice of this board the death of our town attorney, which occurred in San Francisco, the third day of September, 1908. In recognition of his many sterling qualities and his eminently worthy character these resolutions are offered:

WHEREAS, He that appoints "the inevitable hour" has brought to a close the earthly career of Fayette H. Thorpe, the official attorney of Redwood City; and

Whereas, It is known to us that he was possessed of, and lived up to, the highest ideals of integrity and morality, both in his public career and in his private life; and

Whereas; He gave unsparingly of his time and strength and intellect to this community, and to all his fellowmen as far as his influence reached, never swerving from the right and striving ever, with patriotic zeal and with no lack of courage, to realize the best among human aspirations; now, therefore

Be it resolved, That in the death of Fayette H. Thorpe, the world has lost an upright man, and this community a faithful servant; and

Be it further resolved, That these resolutions be spread on the minutes of this Board, and a copy thereof transmitted to his family; and

Be it further resolved, That this meeting, at its close, stand adjourned as a mark of respect to him.

The resolutions were adopted by a standing vote.

The hearing on the application of Arnold Hess for the payment of his claim of $5,437.74 for the completion of the third section of Roosevelt avenue, continued from the last meeting, was taken up. Mr. Merrill stated that inasmuch as the report of Mr. McEvoy, the board's expert was somewhat inaccurate he had engaged the services of Thos. B. Downing an expert road builder of Palo Alto, who with Professor Marx of Stanford and himself had given the avenue a thorough examination Saturday.

A report was read from Messrs Downing and Marx to the effect that the work had been done according to specifications, with but slight deviations. They recommended, however that the road be given some more watering and rolling and that an additional top dressing of screenings be placed where some of the coarser material is uncovered. They further recommend the sum of $250 be withheld from the contractor as a guarantee that the work be properly completed.

Mr. Downing who was present was technically questioned by several of the Roosevelt-avenue residents and stated that in his opinion the contractor had done a good piece of work, it being understood that certain additions suggested in the report be made. He had examined roads in the vicinity of Salinas that had been constructed of the same material, which after having been used several years were still in good condition. In his opinion the property owners on the avenue would in time be well pleased with the road.

After a lengthy discussion in which some caustic remarks were passed back and forth between C. E. Cumberson and those who opposed the payment of Hess's bill, the matter was finally pruned down to such proportions as to be ready for settlement. The McEvoy report being inaccurate was not accepted; the McGaffigan-Humphreys report, which dealt with a greater portion of the avenue than was under consideration, was like wise laid aside and the Downing-Marx exhibit which was confined strictly to the matter at issue was accepted.

A final protest against the payment of the claim, signed by a number of property-owners, was presented but it failed to further block the proceedings. After a conference it was agreed to pay all of the claim except $437.74, which sum isto be held until the completion of the contract to the board's satisfaction.

Applications were received from Archer Kincaid and Albert Mansfield for appointent as city attorney to fill the vacancy caused by the death of F. H. Thorpe. A vote was taken and Mr. Mansfield was declared the choice of the board.

Poundmaster A. R. Kirkpatrick tended his resignation which was accepted and Dudley Pitcher was appointed to fill the vacancy, the chairman humorously remarking that while he was a "Pitcher" it was hoped that he would develop into a good "catcher" as far as the dogs were concerned.

The application of S. M. Snyder for an electric franchise along "A", Main and Phelps streets was denied on motion of Beeger.

A resolution was adopted fixing the tax rate as follows:

General Municipal Purposes	.750
Municipal Improvement Bonds	.535
Public Library	.090
Total for annex	1.375
Sewer Bonds	.220
Water Bonds	.065
Electric Light Bonds	.085
Total within old limits of town	$1.745

Although the rate is a little lower than that of last year, the chairman expressed regret that the usual levy for general municipal purposes could not have been reduced this year. As a means of securing a reduction in the rate next year he recommended that the assessor be requested to increase the valuations of property situated in the annex west of the county road, where the the tax rate is much lower than

SMOOTH SAILING FOR HAYES

E. A. Hayes will have no opposition for the nomination for congress when the convention meets in San Francisco on September 15th. This is just as it should be for Mr. Hayes has performed his duties well during his two terms at Washington. The report of J. S. Hunter, county entomologist was as follows: Gentlemen, during the first part of the past month the mosquito work at San Mateo was rather handicapped by lack of money. Oiling could not be done when necessary and a considerable number of mosquitos emerged. The trouble was augmented by a series of southerly winds which blew the insects into San Mateo from the unoiled marshes to the southeast. More money was subscribed later and the mosquitos were greatly lessened. A number of men were at work part of the month spraying the oak trees at some of the Burlingame homes, for the oak caterpillars. Good work was done and a second crop of caterpillars was checked.

On motion of Debenedetti seconded by Blackburn a map of Princton by the Sea, a subdivision in the Fourth Township, was filed and the customary resolution dedicating the streets thereon was adopted.

W. Williams. Attorney John D. Willard, who represented Suverkrup asked that the communication be granted. Letters were read from Williams to Survekrup wherein the former reflected upon the integrity of one of the members of the board. On motion of MacBain seconded by Elerenotter, Williams was cited to appear at the next meeting of the board and explain the contents of said letters and also show why he failed to have the engineer's certificate of completion filed.

The Republican county committee held an important meeting in Odd Fellows building Tuesday. Those present were Chairman MacBain, secretary Hall C. Ross and W. A. Price and Thomas Connelly. Two delegateions were present from Vista Grande and San Bruno. J. H. Kirk, representing the latter said there were 316 registered voters in San Bruno and the people would like to have representation at the coming convention.If they were to vote for the nominees of said convention they wanted to take part in their nomination. Theodore Layfette of Vista Grande said there were 300 voters in this town and wanted the committee to apportion delegates accordingly. George C. Ross in explaining the legal phase of the question said the committee had no power to apportion delegates. He suggested that the republicans elected their delegates and he was certain the county convention would admit them. James T. O'Keefe also advised this course. H. W. Brown was strongly in favor of apportioning delegates. He was sure it would strengthen the party in the northern end of the county. After considerable discussion Vista Grande and San Bruno delegations agreed to elect delegates and ask the county convention to admit them. On motion of W. A. Price it was agreed to apportion the delegates as follow, for every 20 votes cast for Governor Gillette at the last election one delegate and for a fraction of 10 one delegate. On motion of Hall C. Ross it was decided to hold the primaries on September 26th and the convention at South San Francisco on September 30, 1908.

Passed the Senate, February 22, A. D. 1907. Lewis A. Hilborn, Secretary of the Senate.

Passed the Assembly, March 6, A. D. 1907. Clio Lloyd, Chief Clerk of the Assembly.

This Bill was received by the Governor, this 8th day of March, A. D. 1907, at 12 o'clock M. E. C. Cooper, Private Secretary of the Governor.

CHAPTER 424. An act to provide for the issuance and sale of state bonds to create a fund for the construction by the board of state harbor commissioners of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said wharves, piers, seawall, state railroad, spurs and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and, he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor, and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated at the "Second San Francisco Seawall Sinking Fund" shall be, and the same is hereby created, as follows, to wit: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount therefore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and eighteen, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and eight, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Seawall Act," and in a separate lines under the same words, "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and eight, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.

SEC. 12. This act may be known and cited as the "Second San Francisco Seawall Act."
